SCORING SYSTEM

JUDGES

At Island Dance Competition five judges at one time will evaluate the choreographies based on five parameters (see the next page). The judges are experts in their field as well as internationally recognized dancers and choreographers.

The panel of judges will be announced on our Instagram page [@islanddancecompetition_](https://www.instagram.com/islanddancecompetition_)

Each judge is required to remain objective and score fairly, and once the competition concludes, the results will be published on festis.dance.

Each judge may also leave a comment on the choreography, which will be visible alongside the score results.

SCORING SYSTEM

Judges evaluate each routine using points from 1-worst to 10-best in the following parameters:

TECHNIQUE	MUSIC, RHYTHM	INTERPRETATION	COREOGRAPHY	OVERALL IMPRESSION
• balance • poise • smoothness of movement • agility • body control • body stretch • strenght • power	• musical timing • musical phrasing • appropriate music • diversity of rhythm	• presentation • emotion execution • energy • charisma • interaction between dancers	• creativity • originality • use of space/dimensions/levels • theatrical and visual effects • synchronisation	• appropriateness of costume and make up • ability to capture the audience • crowd appearance • grooming

The final result is the arithmetic mean of the scores assigned by all the judges, with the best and worst scores for each evaluated parameter discarded. The winner in each category is the routine with the highest total score. If two or more routines achieve the same score, the winner is the routine with the highest score in the technique parameter. If a winner still cannot be determined, the deciding factor is the highest score in the following order of parameters: music, rhythm, interpretation, choreography, and overall impression.

If, after considering all these parameters, it is still not possible to determine a winner, the top routines share first place.

Judges may also provide comments for each routine. These comments are presented anonymously in the FestIS web application after each festival. Each dance club/school can only see comments related to their own routines.
